6PM BORDER INVASION: AN AMERICAN CRISIS

This groundbreaking documentary covers what the national media refuses to show. Border Invasion: An American Crisis presented by Stan and Donna Fitzgerald with Jared Craig allows viewers to see the real-life catastrophe at our southern border. Led by Texas Congressional Candidate and retired ICE Special Agent, Victor Avila, the film also features interviews by former Congressman Jody Hice, actor Michael Copon, Admiral Chuck Kubic, and many more. An emotional rollercoaster, a majority of filming takes place in Eagle Pass, Texas where hundreds and sometimes thousands of illegal crossings happen every day.

Follow along with nearly a half dozen candidates for Congress as they experience the reality of the border crisis firsthand. As they watch young families drag children through the Rio Grande River and military-age men push through heavy barbed wire, the candidates examine the real-life dangers of the “open border” policies pushed by the liberal left in America today. They quickly discover that our border is truly being invaded and that EVERY state in our country has become a border state.

This crisis proves that now, more than ever, the United States must elect President Donald Trump and America First candidates... before it's too late. Border Invasion: An American Crisis - Trailer | SalemNOW Click to follow link to trailer.
