

Gentlemen, after the last luncheon at Giuseppe's on October 16, we were informed that the Restaurant will no longer be available to us for our monthly meetings. Our board members are actively searching for other venues and have some good alternatives in mind already.

We will find a new location with a good room and good food. CARMA is a fantastic group and very important to the Republican promotional activities in our area.

I look forward to seeing each of you at our next luncheon for our next social gathering, Stay strong, stand up and fight for our Constitution and Values. God bless America.

from Terry Ricks
