If you gained 10lbs three years ago, 8lbs two years ago, 6lbs last year, but only 3.5lbs this year, have you only gained 3.5lbs? Or have you gained 27.5lbs? The left would like you to believe inflation is only up 3.5%, but add it up since 2021 and it's closer to 30%. Nice try

I don't have a train of thought, I have seven trains on 4 tracks that narrowly avoid each other when the paths cross and all the conductors are screaming

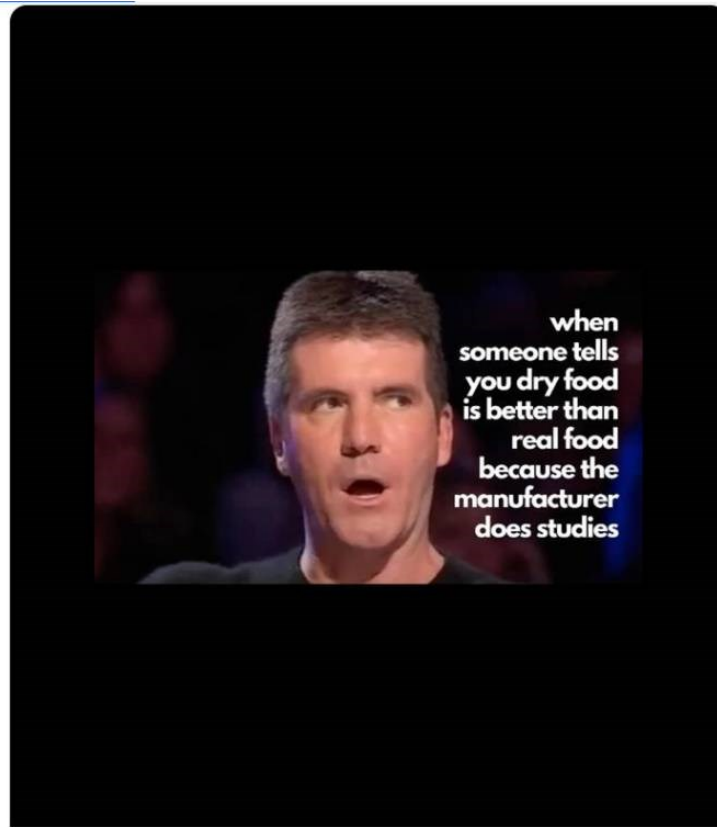

The roof of hundreds of bus stops have been covered in plants as a gift to honeybees by a city in the Netherlands.

This trucker always ties down toys because he says it makes kids smile when they drive by ❤️

This rare orchid named 'Flower of the Holy Spirit' only blooms once a year. Before blooming it looks like a Mother and Child, and once it blooms it turns into a Dove in Flight.

Missing context. The same information was checked in another post by independent fact-checkers. See why

When someone tells you gas went from \$1.86 to \$3.79 in 10 months because the economy is doing better

**Back in 2020, we couldn't find toilet paper.
Now, we can't afford it.**

20 or so years ago my friend Iva's grandmother lost her diamond engagement ring while farming/gardening on her family's land near Armena (Camrose), Alberta, Canada. After many tears and hours of searching, she never did find the ring. In the end, she used her own hard earned money to replace the ring and never told her Husband!
Iva recently built a house on a portion of this family farm land. This garden has been feeding the family for years, but this year it had a special gift for them.
Guess what happened when Iva's family went to harvest some of the garden last night?!? 😱
Grandma's secrets are safe with mother earth no more!
The "carrot ring" has been returned to Iva's Grandma as of this morning (Aug 15, 2017) she is very happy to have the original ring her late husband proposed to her with."

Fun Fact: Pufferfish release a toxin when they puff out that is meant to impair the attacker, so they can safely escape. Ironically, this doesn't work on dolphins in the same way.. it actually gets them high. So they purposely inflate them and pass them around to their dolphin friends for fun.

"Conspiracy theorists, otherwise known as people capable of pattern recognition."

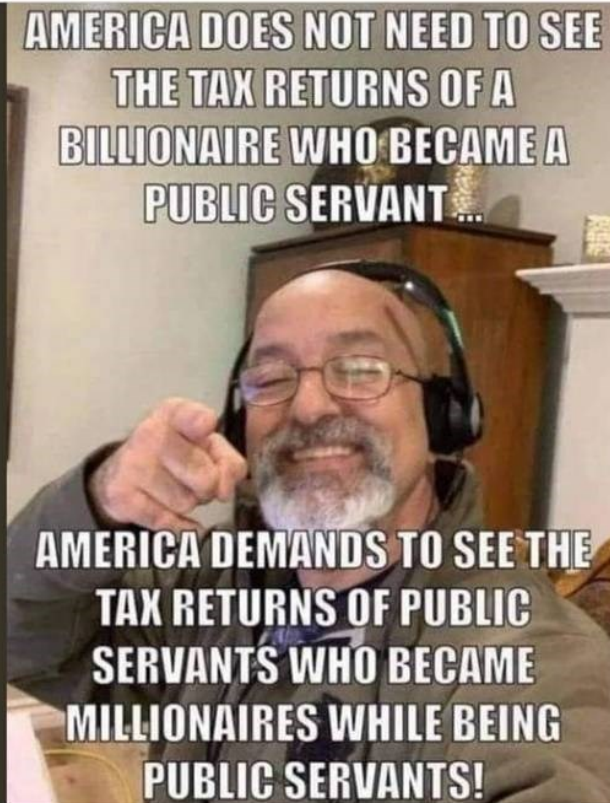

"Pattern recognition according to IQ test designers is a key determinant of a person's potential to think logically, verbally, numerically, and spatially. Compared to all mental abilities, pattern recognition is said to have the highest correlation with the so-called general intelligence factor" (Kurzweil, 2012).

Come to think of it. I've never seen these two in the same room at the same time

AMERICA DOES NOT NEED TO SEE THE TAX RETURNS OF A BILLIONAIRE WHO BECAME A PUBLIC SERVANT ...

AMERICA DEMANDS TO SEE THE TAX RETURNS OF PUBLIC SERVANTS WHO BECAME MILLIONAIRES WHILE BEING PUBLIC SERVANTS!

A new pastor was visiting in the homes of his parishioners. At one house it seemed obvious that someone was at home, but no answer came to his repeated knocks at the door. Therefore, he took out a business card and wrote 'Revelation 3:20' on the back of it and stuck it in the door.

When the offering was processed at the next worship service, he found that his card had been returned. Added to it was this cryptic message, 'Genesis 3:10' Reaching for his Bible to check out the citation, he broke up in gales of laughter. Revelation 3:20 begins 'Behold, I stand at the door and knock.' Genesis 3:10 reads, 'I heard your voice in the garden and I was afraid for I was naked.'

Remember when the funniest jokes were the clean ones ???

They still are ... Pass it on !!!

'A cheerful heart is good medicine' (Prov. 17:22)

Annie Oakley was the fifth of seven surviving children, Oakley was born Phoebe Ann Moses on August 13, 1860, in rural Darke County, Ohio. Although she became a Wild West folk hero, the sharpshooter spent her entire childhood in the Buckeye State. Called "Annie" by her sisters, she reportedly chose Oakley as her professional surname after the name of an Ohio town near her home.

Eight years after the Battle of the Little Bighorn, the Lakota Sioux leader who orchestrated the defeat of General George Custer's troops attended one of Oakley's performances in St. Paul, Minnesota, in March 1884. Mesmerized by her marksmanship, the Native American chief sent \$65 to her hotel in order to get an autographed photograph. "I sent him back his money and a photograph, with my love, and a message to say I would call the following morning," Oakley recalled. "The old man was so pleased with me, he insisted upon adopting me, and I was then and there christened 'Watanya Cicilla,' or 'Little Sure Shot.'" In addition to a nickname that followed Oakley the rest of her life, Sitting Bull also reportedly gave her a pair of moccasins that he had worn at Little Bighorn. The two became even closer friends the following year when Sitting Bull joined Buffalo Bill's Wild West show for a four month stint. "He is a dear, faithful, old friend, and I've great respect and affection for him," Oakley wrote of Sitting Bull.

I was going to type out a long descriptive story about how I woke up to my emus being out, and paint a picture of what it looked like retrieving them.

Instead, I'll just let you know I'm looking for a car detailer because Jamie locked me out of my car, turned it off, spilled my mothers urn from my rear view mirror, cut open a bag of pine shavings I was going to use today, and discovered a large tube of pringles where he tested every single chip but didn't eat a single one it seems like, all within the 10 minutes it took me to retrieve his betrothed Willoughby.

emu in the car: 0/5 stars recommend.

Edit to add: full story is posted
